Manufacturer: HomingGame Factory

Category: Arcade Prize Game Machines / Claw Machines / Crane Machines

1. About HomingGame Factory

HomingGame Factory is a professional arcade game machine manufacturer and exporter. We specialize in crane machines, claw machines, prize game machines, redemption machines, slot table games, and fishing game machines. All machines are designed for commercial use, with stable performance, attractive appearance, and long service life.

2. Product Overview – 4 Player Mini Crane Machine

- 4-player design, increasing revenue per square meter
- Independent control system for each player
- Cute and modern appearance, popular with kids and families
- Adjustable claw strength and winning rate
- Coin-operated, token, and cashless payment supported
- Low power consumption and easy maintenance

3. Product Overview – 32 Inch Big Claw Machine

- Large 32-inch cabinet suitable for big plush toys and premium prizes
- Strong claw system with high grabbing accuracy
- Heavy-duty steel body with tempered glass
- Bright LED lighting system for strong visual attraction
- Adjustable difficulty for different business strategies
- Designed for long-term commercial operation

4. Installation & Operation Instructions

- 1) Place the machine on a flat and stable ground.
- 2) Connect to standard power supply as specified on the machine label.
- 3) Set coin value, game time, and claw strength via control panel.
- 4) Load prizes evenly inside the cabinet.
- 5) Test the machine before daily operation.

5. Maintenance & Safety

Regularly clean the cabinet and glass surface. Check claw system and wiring monthly. Avoid overloading prizes and keep the machine away from water or extreme heat. Only trained personnel should open the

machine for maintenance.

6. Packaging & Shipping

Machines are packed in strong export wooden cases or reinforced cartons. Sea freight, air freight, and LCL/FCL shipments are supported for global delivery.
