Core Selling Points

High ROI

Proprietary software with adjustable difficulty settings (1%-30% hold ratio) optimized for USA market profitability.

Premium Design

Space-saving upright configuration allows for maximum player density in smaller venues, bars, and lounges.

Industrial Grade

Equipped with high-performance I/O boards, reinforced joysticks, and 4K-ready wiring for 24/7 reliability.

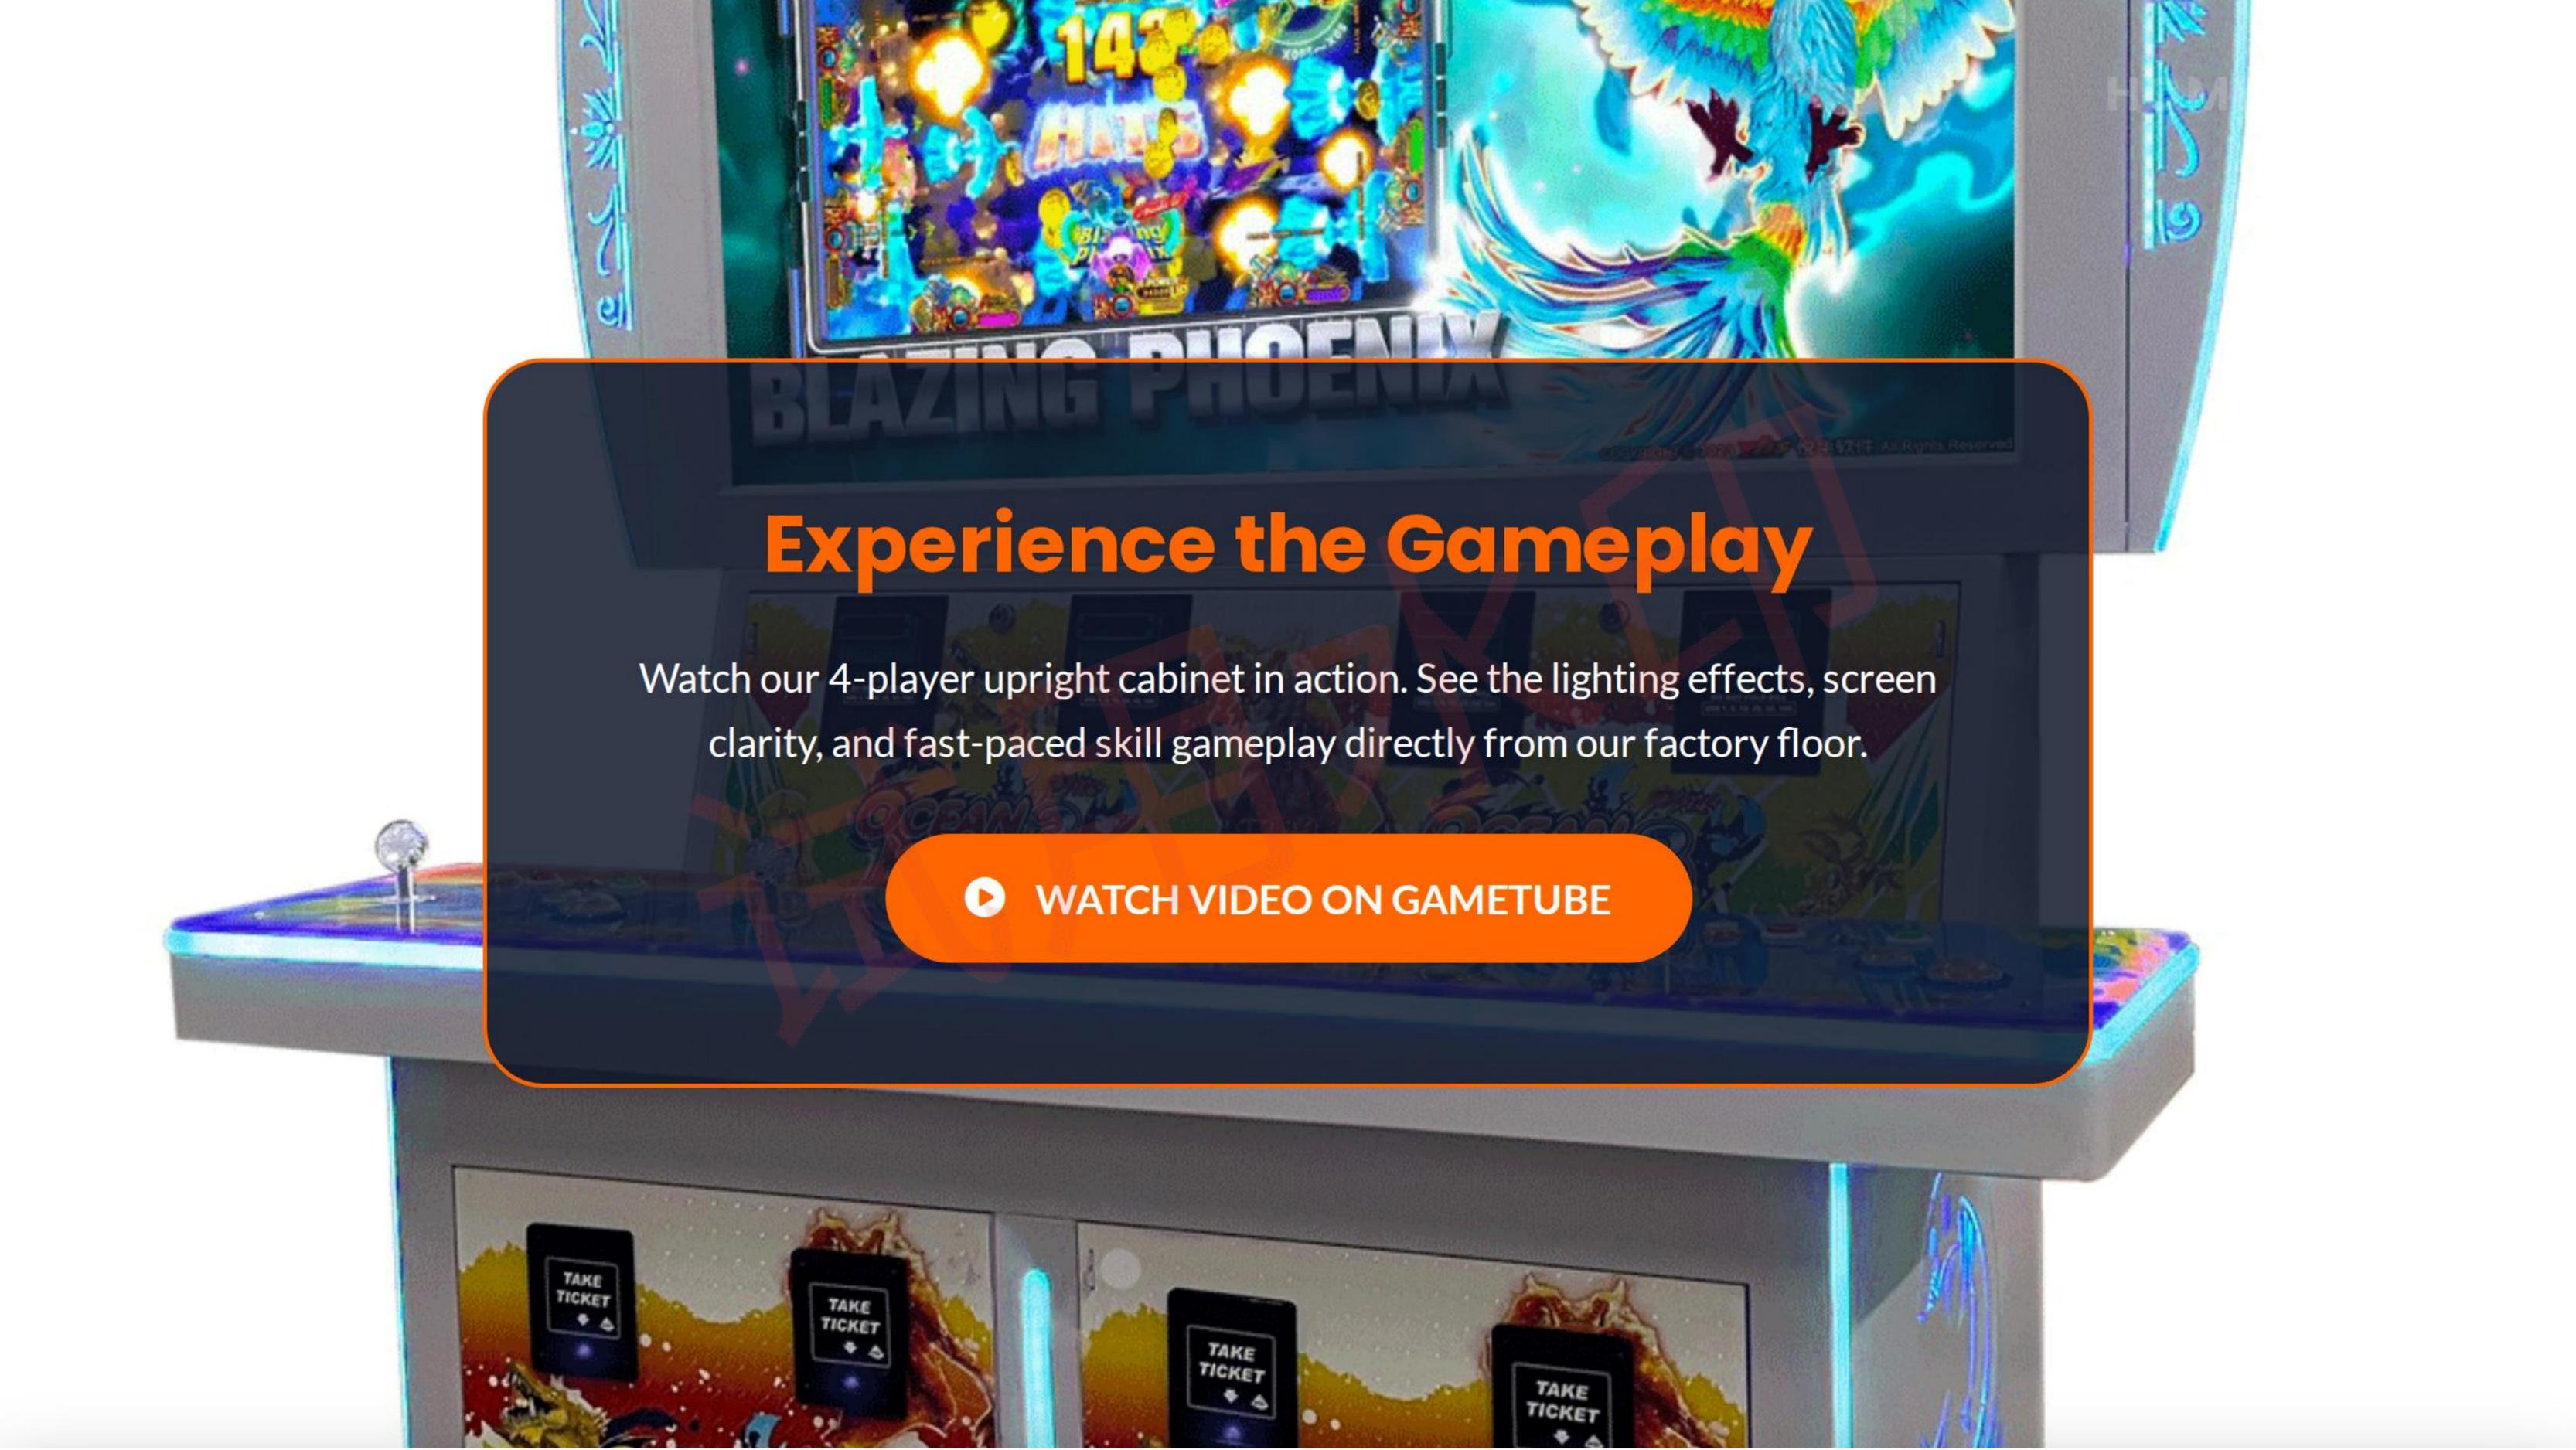

Technical Performance

- ✓ **Crystal Clear Visuals:** High-definition A-grade LCD panels with anti-glare tempered safety glass.
- 🎮 **Customizable Aesthetics:** Support for OEM cabinet decals, LED lighting effects, and brand logo integration.
- 🗄️ **Stable Backend:** Full accounting functions and secure backend access (Default Password: 8888).
- 🔌 **Optimized Wiring:** Pre-wired for ICT bill validators and standard ticket printers for the USA skill market.

Global Export Standards

-  **48-Hour Burn-in Test:** Every unit is tested for 2 full days before shipment.
-  **Video Inspection:** Real-time WhatsApp video calls provided for final verification.
-  **Safe Packaging:** Shipped in reinforced shock-proof wooden crates.

A photograph of a Blazing Phoenix arcade cabinet. The top screen shows a colorful game scene with a score of 143,000. The cabinet is illuminated with blue and purple lights. The title 'BLAZING PHOENIX' is visible on the top bezel. The control panel features a joystick and buttons. The bottom section has four 'TAKE TICKET' signs.

Experience the Gameplay

Watch our 4-player upright cabinet in action. See the lighting effects, screen clarity, and fast-paced skill gameplay directly from our factory floor.

Frequently Asked Questions

Is the machine customizable?

Yes! We provide full OEM/ODM services including cabinet color, sticker design, and payment system integration.

How do you ensure quality?

Every machine undergoes a strict 48-hour continuous testing phase. We provide live video inspections before shipping.

What is the shipping time?

Air/Express takes 3-7 days. Ocean freight typically takes 25-35 days to major USA ports (LA, NY, etc.).

What software is supported?

We support all major USA titles: Ocean King series, Fire Kirin, Fusion, and various skill-slot board games.
